To

The Secretary to Government,
Local Self Government,
Bangalore

Dear Sir,

After explaining to the Dewan that for my work and the work in connection with Town improvement I have to keep a - Draftsman and a Typist at Rs 50/- each and as the latter work is heavier than my private work I request that at least the cost of one of these men be paid by Government

Under G O No L 7030 M L 103-37-4 the Government Sanctioned therefore Rs 50/- per mensem for the Typist

This sanction however expired on June 30th

Since then my time has been almost entirely taken up with planning and I enclose a list of plans prepared on which the - Draftsman has been employed full time

I therefore request that in future and with effect from 1st July 1938 I may be given Rs 50/- per mensem for the pay of the Draftsman

In this connection I would further state that my Draftsman Mr D Paul has worked for two years (July 1930 to June 1932) on the temporary Establishment of the Consulting Architect and ~~since~~ since disbanding of this Establishment on my retirement has been in my private employ for over five years (July 1932 to date)

P T O

Since he is now practically doing only Government work I request that he may be given a lien in the Drawing Establishment of the P W D and be treated as " on Deputation,"

Yours Sincerely,

Sir

With reference to your letter No L 518 dated 15-7-1939 statin that Mr D Paul, Draftsman could be given a lien in the Public Works - Department as Tracer on Rs 30/- and treated as seconded as long as he will be working under me, I have the honour to state as follows -

As I have already mentioned in my letter dated 19th December 19 and 10th June 1939, Mr Paul has been continuously in service since 193 he has drawn as pay Rs 30/- for four years Rs 35/- for two years and is now getting Rs 50/- for the past three years He is a very neat and ca Draftsman possesses intelligence and experience much above those of an ordinary Tracer and he has had special training in Architectural Drafts -ship and Landscape Gardening Draftsmen possessing knowledge in both these subjects are very rarely met with and persons with his qualificat and experience are in receipt of much higher salary elsewhere It woul therefore be very unfair to put him so low in the scale of establishmen

I would strongly urge for a reconsideration of his case and recommend that he be taken in at least as Assistant Draftsman and p along with those getting the maximum in the grade in view of the fact that he has drawn more than the minimum of the grade, viz Rs 30/- for s years and has been getting Rs 50/- for the past three years
